

Dear Valued Guests:

Mahalo for your continued support throughout these uncertain times. There has been a little raise in prices of different services at Kalona Salon & Spa. These are to be observed from March 1st, 2022

The reason behind the price change is following

- Inflation in the country
- A considerable rise in taxes
- Increase in our vendors pricing and shipping Costs
- Maintaining of sanitation to ensure service quality is up to our standard.

Keeping the above-mentioned reasons in view, Kalona Salon & Spa resolve to make a small price increase from March 1st, 2022 for some of the treatments and services.

We take this price raise to ensure the quality of the services and positive results. We appreciate your support and understanding. Your confidence in Kalona Salon & Spa means a lot for its business development and customer care relationship.
